

April Mystery BOM

Is everyone caught up? It is time to put some parts together.

There are 3 clues this month

1. (We aren't done making those HST!) Again, cut another 12 of Fabric A and B squares cut at 4" and make another 24 HST that will measure 3 1/2" square when complete.

2. Take 7 of the hourglass units you made last month (6 1/2" X 6 1/2") and add paired HST to both sides. This should measure 12 1/2" X 6 1/2" when complete. See picture for placement.

3. Cut 12 Fabric B (background fabric) into 3 1/2" squares and set aside.
